

ON-GOING PD

Sessions for Instruction

You Expect Me To Provide Different Lessons For Different Students?

Training Length: 3 or 6 hours
Differentiation is something teachers do everyday. Learn new ways to differentiate student learning in every classroom. Come ready to laugh and learn.

Contact: Kathy Graham

Math Manipulative Mania (Elementary Session)

Training Length: 3 or 6 hours
Get the math manipulatives out of the closet, knock the dust off, and get them into your students' hands! Effective use of math manipulatives during instruction will deepen understandings and connections to math concepts by providing opportunities for students to hear it...see it...and then DO IT!

Teach Like A Champion Using Practice Based PD

Training Length: 3 or 6 hours
Whether you are a teacher in training, a master teacher whose goal is constant improvement or an educator who simply loves the art of teaching, this session is for you. Learn practical techniques to GET BETTER FASTER!

**Contact: Dionne Hughes
or Cindy Neuvar**

Why Do We Need To Do This?

Training Length: 3 or 6 hours
Are your history teachers finding it hard to engage students in daily history lessons? Teaching history is tough. Finding ways to connect it to modern times and making history meaningful is the best way to engage students. Let us help you get students engaged in history. We will go through easy, hands on activities, and best practices, that make students fall in love with history. Let students find their own answer to "Why Do We Need to Know This"?

Contact: Anne McCain

Let The Kids Do The Work

Training Length: 3 hours
Acquire practical suggestions for putting the work into the hands of the students, so that productive struggle can lead to learning. Learn how to get the most out of student collaboration.

**Contact: Lisa Weinheimer or
Kristi Greaves**

Science Process Skills In The Classroom

Training Length: 3 or 6 hours
What can you do to promote scientific thinking in the classroom? Gain some resources/strategies that can facilitate scientific process skills in the classroom.

Contact: Laura Deiss

Math Manipulative Mania (Secondary Session)

Training Length: 3 or 6 hours
Get the math manipulatives out of the closet, knock the dust off, and get them into your students' hands! Effective use of math manipulatives during instruction will deepen understandings and connections to math concepts by providing opportunities for students to hear it...see it...and then DO IT!

Navigate the complex world of A-F Accountability using your campus/district data tables and identify your focus area for improvement. Updated for 2019.

Contact: Dionne Hughes

TEKS Are US – TEKS Resource System

Training Length: 3 or 6 hours
A tool is only as good as the person using it. Take a closer look at the TEKS Resource System Components and Resources to plan & support classroom instruction. New features added.

**Contact: Laura Deiss or
Pamela Yosko**

Unpacking Your TEKS For Planning Success

Training Length: 3 hours
Participants will learn to unpack TEKS by creating a know and show chart, solving aligned testing items, creating a teacher exemplar and creating student success criteria.

**Contact: Lynn Guerra or
Beverly Mikulenka**

Speciality Sessions

Tackling The Gridiron Of CTE

Training Length: 3 or 6 hours
Tackle college and career exploration, endorsement sequences, industry-based certification, coding and much more! We'll help teachers clear up misconceptions and gain knowledge of the latest updates, to keep your school in the CCMR game!

Contact: Anne McCain

Tier 1 Interventions

Training Length: 3 or 6 hours
Tier 1 Interventions apply to ALL students with in a class, school, and school district. They tend to be more generalized interventions that most kids respond to, like classroom and school expectations, rules, routines, and consequences. Come and learn the best evidence based practices that set the foundation for an environment conducive for student learning without the interruptions of behavioral missteps.
